

“Don’t use it, Don’t lose it”

What is the “Don’t Use It, Don’t Lose It”* Program?

It’s simple! The objective is to provide peace of mind and eliminate any risk to you! If you do not place a claim during the term of the service plan, you’ll get your money back as an in-store credit equal to your original service plan purchase price!

This in-store credit is valid only at the expiration of the service plan term, upon verification that service was not required during that period of time; and it is valid for one year.

The credit is limited to the original purchase price of the Excelsior® Service Plan investment (taxes excluded). It is non-transferable, has no monetary value and cannot be exchanged for cash or used in conjunction with any other offers.

The credit is only valid as an in-store credit on a purchase worth a minimum value of \$_____ and is eligible for use in the following departments:

_____.

**This program is provided by the retailer. See details in store.*
